GOVERNMENT LEADER

Is Questioned About Intervention of the United States.

TEXT OF MESSAGES EXCHANGED.

Messrs Roberts Has Occupied Bloemfontein, the War Experts Are Discussing His Advance on Pretoria.

London, March 15.—In the house of commons, replying to Mr. William Redmond, Irish Nationalist, who asked whether the government of the United States had offered its good offices to her majesty's government, with the view of bringing about peace in South Africa, the government leader, Mr. Balfour, said her majesty's government would not accept the intervention of any power in the settlement of South African affairs.

The following is the text of Mr. Balfour's reply to Mr. Redmond:

"The United States charge d'affaires March 13 communicated to Lord Salisbury the following telegram from Mr. Hay:

"By way of friendly and good offices inform the British minister of foreign affairs that I just received a telegram from the United States consult at Pretoria reporting that the government of the South African request the president of the United States to intervene with the view of cessation of hostilities and saying that a similar request has been made to the representatives of the European powers. In communicating this request, I am directed by the president of the United States to express the earnest hope that a way will be found to bring about peace, and to say that he would be glad in any friendly manner to aid in bringing about the desired result."

The reading of this dispatch was greeted with cheers from the Irish members. Continuing, Mr. Balfour said:

"Lord Salisbury requested Mr. White to convey the sincere acknowledgement of her majesty's government to the government of the United States for the friendly tone of their communication and to say that her majesty's government does not propose to accept the intervention of any power in the settlement of South African affairs."

Loud and prolonged cheers followed this announcement.

At the conclusion of Mr. Balfour's reply, Mr. Redmond asked whether intervention was not allowed in the case of Venezuela.

UNION JACK

Is Raised Over the Capital of Orange Free State.

London, March 15.—At precisely 1:30 Tuesday afternoon a union jack, specially made for this purpose by Lady Roberts, was hoisted over the presidency at Bloemfontein amidst the acclamations of the commander-in-chief's battalions, in which, curiously enough, the Orange Free States appear to have joined with remarkable heartiness.

The opposition to the entry of the British troops into the capital was insignificant. Boers were found occupying a few hills south of the place, but a few shells drove them off, and at 10 a. m. some newspaper correspondents, entering the town, found Mr. Frazer and other officials and guided them to where Lord Roberts stood on top of a hill awaiting for them.

As spokesman, Mr. Frazer asked protection for life and property and surrendered the keys. Lord Roberts, accompanied by his staff, rode at the head of a cavalcade a mile long to the presidency, receiving an ovation throughout the route culminating in a remarkable demonstration at the Market square.

Reaching the government buildings, Lord Roberts took possession of the city in the name of the queen, then repaired to the presidency, where the ceremony of hoisting the union jack ended forever, according to universal opinion here, the Boer government of the Free State.

During his progress through the town, Lord Roberts stopped and ordered the instant replacement of goods which were being looted from the artillery barracks by kaffirs, thus giving the populace an earnest assurance of the treatment they might expect from the victors.

President Steyn fled to Kroonstadt without replying to Lord Roberts' demand for his surrender, and the commander-in-chief remarked afterwards, during the course of conversation, while breakfasting at the farm of President Steyn's brother that the ex-president "had become a nonentity." The British troops, with the exception of those necessary to police the town, remain outside.

Bloemfontein is now regarded there as a sort of half-way house and base of operations for the advance on Pretoria. The military authorities here expect a period of comparative quiet while Lord Roberts is establishing railroad connection with Norvalspont and Bethulle, and giving the men and horses the rest necessary to fit them for the severe struggles which are believed to be still inevitable.

It seems likely that the next news of fighting may come from Natal. General Warren's division, which had reached Durban, has been ordered to rejoin General Buller, indicating that the outflanking movement through the neck of Zululand, referred to in these dispatches March 11, is about to commence.

GOEBEL SUSPECTS

Will Be Removed From the Louisville to Frankfort Jail.

Frankfort, Ky., March 15.—At a conference between the county and district court officials here it was determined to have returned here Secretary of State Powers, Holland Whitaker, W. H. Culton and Captain Davis, the four alleged accessories to the assassination of Governor William Goebel, and to give them a speedy examining trial.

The order of transfer from Louisville was made by County Judge Moore and deputy sheriffs left at once to bring the prisoners. The prisoners will be arraigned separately, and it is thought that bail will be granted to two of them by consent of the commonwealth.

RECEIVER GRANT

Instructed to Collect Data For Prosecution of Corrupt Persons.

New York, March 15.—Judge Lacombe of the United States circuit sent to Hugh J. Grant, federal receiver for the Third Avenue railroad, a memorandum containing instructions as to his duty with reference to prosecutions of persons who have mismanaged or defrauded the company. Judge Lacombe says: "If in the past history of the Third Avenue corporation, or any one connected with it, there have been transgressions against the laws of this state, they should be ferreted out and punished, the fullest and freest opportunity should be given to the prosecuting officers and the grand jury to examine into the records of all past transactions."

Second Reception.

London, March 15.—The Princess of Wales held the second drawing room of the season at Buckingham palace, in behalf of the queen. There was a limited number of presentations and the attendant crowd was smaller than usual. The Americans presented were Mrs. Lafayette DeFries and Miss Ida Hungerford, both of New York, and Mrs. Josiah Pierce and Miss Pierce, American residents of London. The United States charge d'affaires, Henry White, and other members of the embassy were present.

Idaho Republicans.

Boise, Ida., March 15.—The Republican state committee met and fixed the time and place for holding the state conventions. The convention to select the delegates to the national convention will be held at Lewiston on May 8, and the state nominating convention is called to meet in Boise on July 17.

Destructive Blaze.

Indianapolis, March 15.—The building occupied by C. B. Cones & Son, manufacturers of clothing, was burned to the ground, causing a loss of \$150,000. Four firemen were caught under a falling wall and one of them, Frank Mankin, was badly crushed and burned. The others escaped with slight injuries.

Weldon Is Better.

Cincinnati, March 15.—Harry M. Weldon, sporting editor, who was stricken with paralysis, Feb. 25, is gradually recovering, notwithstanding reports to the contrary. While he subsisted for weeks on liquids, he is now able to take regular diet and his physicians are greatly encouraged.

Was Despondent.

El Paso, Tex., March 15.—M. A. Shay, 57, of Marysville, Mont., committed suicide in his room in a hotel here by shooting himself through the forehead. Despondency due to ill health was the cause. Shay had been a mining man of prominence and was well known on the Pacific coast.

Norfolk, Va., March 15.—Robert Fortune and John Taylor, negroes, were hanged at Nashville, N. C., for the murder of Robert Hester, a white farmer, in Nash county. It is estimated that 10,000 persons saw the hanging.

Business Houses Burned.

Hopkinton, Mass., March 15.—Fire destroyed five of the best business buildings in this place. Loss is estimated at \$75,000 to \$100,000.

A POLL OF THE SENATE

Indicates That Million Dollar Centennial Bill Will Pass.

SKUNKS TO RECEIVE PROTECTION.

In Accordance With the Wish of the Farmer Members the Automatic Perfume Generator Will Be Spared.

Columbus, O., March 15.—A poll of the senate was taken on the \$1,000,000 centennial bill, which passed the house Wednesday.

It shows that the bill will in all probability become a law. Eleven senators said they were for the bill without reservation. Only four senators are absolutely opposed to the bill. They are Senators Bright, Hanna, Marchant and Wightman. Senator Middleton was not present, and his position could not be secured. The following is a summary of the poll: For the bill, 11; against the bill, 4; friendly, but undecided, 10; noncommittal, 5; absent, 1.

Senator Dunham of Toledo said that two of the four senators who are put down above as noncommittal are under pledge to vote for the bill. That makes 14 votes for the bill. The friends of the bill will need to get only two votes out of the 10 members who expressed themselves as friendly to the centennial.

The senate passed Senator Cohen's bill giving the city of Cincinnati practically the sole right to say whether adjoining villages and hamlets shall be taken into the city corporation or not.

Representative Russell's bill to give protection to skunks passed the senate by a vote of 22 yeas to 4 nays. It is now a law. The punishment for killing a skunk is from \$25 to \$50 for the first offense, and from \$50 to \$100 for the second. The farmer members all claimed that the skunk, barring his perfume, is a very companionable animal, and very useful to the farmer as a destroyer of insects.

Senator Marchant's motion to reconsider the vote by which Senator Dodge's highway commission act was passed was lost. The opponents of the Clark local option bill came to the senator's assistance.

Senator Harvey introduced a bill to provide for paying the per diem expenses of common pleas judges when they are called out of their districts to sit on the bench.

Senator Madden introduced two bills one of which gives the county surveyors the right of the county engineering and surveying. It is virtually the Ankeney bill, which was defeated in the house recently. The other is a bill to authorize life insurance and trust companies to issue policies as loans, paying the same when the policies are given and taking mortgage security for them, to be cancelled at the end of a certain number of years.

In the House.

The house again went into committee of the whole for the consideration of the Gear salary bill, which, after being amended, was reported to the house, ordered printed and placed on the calendar for next Tuesday.

Among the bills introduced in the house were the following: Mr. Gear, empowering fraternal and beneficial societies to invest surplus funds in real estate; Mr. O'Neil, authorizing water works commissioners of Cincinnati to pay David Foltz & Company \$9,287 on a contract declared to be invalid.

Mr. Roberts' house bill to add to the vehicles which may be included in the license ordinances of any city bicycles and automobiles was passed in the house.

The house committee on public works decided to recommend the indefinite postponement of Mr. Merion's bill to abolish the Columbus feeder of the Ohio canal.

The Davis bill, providing that actions for damages for personal injuries may be advanced on the docket, was passed.

INFANT SON

Of Aguilardo Captured by Americans, Dies of Smallpox.

Manilla, March 15.—Elores, Aguilardo's secretary of war, has surrendered to General MacArthur. Aguilardo's infant son, who was captured in November, and who has been suffering from smallpox, is dead.

Frankfort, Ky., March 15.—Garland Breeden, 70, was shot and killed by James Norton, 24, in a dispute over a load of wood. Norton gave himself up and claims self-defense.

Manhattan, Kan., March 15.—Congressman William A. Calderhead of Marysville was renominated here by acclamation by the Republican convention of the Fifth district.

THE GRAND JURY

Object to Gardiner Hearing Dr. Parkhurst's Testimony.

New York, March 15.—A sensational element was injected into the reform movement when the grand jury formally protested against the presence of District Attorney Gardiner during the examination of Dr. Parkhurst.

Shortly after they assembled the grand jury went in a body before Recorder Goff and asked for instructions. The forman, addressing the recorder, said that the orderly proceedings of business had been interfered with. The grand jury desired to examine the witness without the presence of any member of the district attorney's office. A spirited colloquy ensued between Colonel Gardiner and Recorder Goff, the latter declining to allow the district attorney to address him. Finally Colonel Gardiner was allowed to state his side of the controversy. He claimed that he had a right to be present in the grand jury room, and to advise the jury if necessary in the examination of witnesses.

Recorder Goff in a lengthy address sustained the grand jury. He defined the conditions under which the district attorney might be present, but said that right was limited to the giving of information to the grand jury. After that information had been given, said the recorder, his function ceases and he must withdraw. Should the necessity for it arise, said the recorder, the jury could compel him to retire. Colonel Gardiner attempted to enter a protest, but this the recorder refused to hear.

The action of the police officials in arresting the managers and proprietors of several reputable restaurants and hotels, in which music is made a feature of the dinner hours, was generally discussed. These proceedings were based upon the law requiring hotels to have a concert license if any orchestra was employed, the section under which the attempt was made to close the notorious resorts in the Tenderloin precinct.

There is a general inclination to believe that this is an attempt on the part of the police to make the vice crusade unpopular, and also to divert attention from the movement against gambling. Rev. Dr. Parkhurst and other leaders in the reform movement, however, declare that the prosecution of gambling houses, pool rooms and other immoral resorts will be pushed with all vigor, and Dr. Parkhurst intimates that he will strike at high places.

After a session lasting three hours the grand jury handed up 12 indictments against 30 men for keeping gambling and disorderly houses.

Want Grand Jury to Act.

New York, March 15.—The Rev. Dr. Parkhurst and Superintendent Burr of the Society for the Prevention of Crime will go before the grand jury with evidence that is expected to show that body how it has been possible under the system of official protection for the gamblers to flourish in New York. Neither Mr. Burr nor Dr. Parkhurst would say just what the line of this evidence was, but they intimated that the society was after the gambling commission, and the other persons in high places who shared in its spoils, while the prosecution of the gamblers and divekeepers was only an incident to the main issue and would be so treated.

Defendants Arrested.

New York, March 15.—In the Jefferson Market police court Magistrate Cornell summarily dismissed the leaders of the orchestras arrested at Chief Devery's order in some of the up-town hotels and restaurants, and afterwards discharged the managers arrested. He said the arrests were an outrage. One of those arrested is to bring a civil suit against Chief Devery for being arrested.

Corbett Acquitted.

Racine, Wis., March 15.—The jury in the case of the state against Henry F. Corbett, charged with assault and intent to kill Rev. David B. Cheney, rendered a verdict of not guilty. Dr. Cheney and his wife were attacked by a burglar at their home in this city several months ago. Both were seriously wounded. Corbett was arrested on suspicion, but the circumstantial evidence offered failed to convict.

The Fifth Victim.

Kansas City, March 15.—Mrs. Sallie Balke of Cincinnati died at the hospital here of injuries received in the Missouri Pacific wreck, near Independence, Mo., on Feb. 27. The body will be taken to Ohio for burial. Mrs. Balke is the fifth victim of the collision.

Ann Arbor, Mich., March 15.—At the meeting of the board of regents Professor Dean C. Worcester of the new Philippine commission tendered his resignation as a member of the university faculty, and it was accepted.

SCRAP OF SENATORS.

Messrs Penrose and Gallinger Indulge In a War of Words.

FORMER WANTS VOTE ON QUAY CASE

To Definite Action Is Taken on the 'Seating of the Gentleman Appointed by Governor of Pennsylvania.

Washington, March 15.—Senator Penrose attempted to get an agreement to vote on the Quay resolution, and in doing so charged the opponents of Mr. Quay with attempting to throw the matter over for the session. He said Senator Gallinger had told him that he did not propose to speak. Mr. Gallinger replied that Mr. Penrose did not state the truth, to which Mr. Penrose replied: "I don't know whether I do not speak the truth, or whether the senator from New Hampshire did not tell me the truth."

At this point Mr. Hear interposed with the request that a "time be fixed for the vote," and the scene closed with some general remarks which relieved the strained condition. No time to take a vote is fixed.

Four Reports Filed.

Washington, March 16.—Four distinct reports on the bill for the construction of a Pacific cable to Hawaii, the Philippines and Japan were filed from members of the house committee on interstate and foreign commerce. Mr. Sherman of New York submitted the majority report favorable to a bill introduced by him for a cable to be built under private auspices, the government paying \$300,000 annually for 20 years for the transmission of government messages.

For Public Libraries.

Washington, March 15.—Senators McMillen and Penrose introduced bills in the senate providing for the opening of libraries in Manila for the benefit of Americans there.

Bill Anthony's Widow Appointed.

Washington, March 15.—The director of the census appointed the widow of Bill Anthony of "Maine" fame a clerk in the census bureau.

France's War Strength.

London, March 15.—A private cablegram from an unimpeachable source in Paris says that the minister for the colonies sent cipher cables to the governor of every French colony asking, almost in the words of Mr. Chamberlain to the British colonial governors, how many soldiers were available for immediate service. Coming right after the announcement that the autumn maneuvers will be a demonstration by 200,000 men on the English channel, it will cause the British war office and admiralty to bestir themselves in anticipation of hostilities, for it really does begin to look as if France meant war. France and Russia are working hand in hand, and Salisbury's diplomacy may be called upon for supreme efforts if he desires to avoid the greatest war the world has ever seen.

New Incorporations.

Columbus, O., March 15.—American Construction company, Dayton, \$3,000; Linnard Manufacturing company, Cincinnati, \$50,000; Indian Run Coal company, Canton, \$5,000; Dayton and Troy Traction company, Dayton, certificate of extension of line; Savings, Building and Loan company, Sandusky, increase from \$500,000 to \$1,000,000; Lorain Steamship company, amendment to change location from Black River township, Lorain county, to Mentor special district, Lake county; Vega Steamship company, amendment to change location from Black River township, Lorain county, to Mentor special district, Lake county; Andrews Land company, Youngstown, \$100,000; M. Boggs company, Chillicothe, \$50,000.

Sentence Affirmed.

Dallas, March 15.—The state court of criminal appeals affirmed the sentence of 10 years' imprisonment against John T. Carlisle, a cousin of Hon. John G. Carlisle, for the killing of Professor William Lipscombe in the Central Christian church of Dallas, on the night of July 1, 1899. Professor Lipscombe was president of the Dallas public high school. Carlisle had been dismissed as janitor. He shot Professor Lipscombe to death during church services without warning and in the presence of a large congregation. On the trial he pleaded insanity as his defense.

Beecher Trial Recalled.

New York, March 15.—Ex-Judge William Fullerton, 83, who was one of the lawyers in the trial of the Beecher-Tilton scandal case here, died at his home in Newburg. Judge Fullerton was at one time a law partner of Charles O'Connor.

The editor of the Ledger, having ascertained the whereabouts of Ccl. Jack Cinn, seems now very solicitous about Lawyer Tom Campbell. Mr. Campbell may give him a surprise in the near future.

With the Republicans, Brown Democrats and some "sore heads" in his own party fighting him, M. L. Harbeson was elected to the State Senate from Kenton County Wednesday to succeed William Goebel by a majority exceeding 500.

"CRIMINAL STUPIDITY."

A Louisville Paper Refuses Longer to Support General Taylor—Says He Has Lost His Head.

LOUISVILLE, Ky., March 13.—The afternoon News, published by the Commercial, which is considered the official Republican organ of the State, in a leading editorial, headed: "Governor Taylor Has Lost His Head," refused to longer uphold and defend the tactics of the alleged Governor. The editorial says, after reviewing the general situation:

"His calling out the troops to surround the Executive Building after Goebel was shot, preventing the officers from hunting the assassin, was a blunder, criminal in its stupidity, and giving his enemies occasion to charge that he was in sympathy with the murderers. His adjournment of the Legislature to London was another mistake. His orders to the soldiers to arrest the Democratic members of the General Assembly should never have been issued. Driving the Legislators through the streets of Frankfort at the point of the bayonet was an outrage. It alienated thousands of Taylor's supporters. It showed that he was ready to use the strong arm of the military to gain an advantage. It confirmed the accusation that he was a usurper, who had no respect for the law or the courts. His action in the case of Secretary of State Powers and Captain Davis is indelensible. They are charged with being accessories to the murder of Senator Goebel. Warrants of arrest were issued for them. They were secreted in the State House and the officers of the law were refused admission by the soldiers. At night an attempt was made to spirit them away. They were disguised and with the assistance of the militia reached Lexington before they were apprehended. When arrested pardons signed by Governor Taylor were found upon them.

"It is not possible to conceive of a more startling situation. The Governor of the State protecting alleged murderers from arrest and granting them immunity from punishment before trial. It may be, as Governor Taylor charges, that Powers, Davis and Cullton are innocent, and that they are the victims of a 'political conspiracy,' but even that does not justify him in pardoning them at this time."

The editorial concluded with: "Who are Governor Taylor's advisors? And what perverse fatality lured him from security to destruction?"

River News.

The Wells and Bay will pass up to-night.

The Queen City is due down this evening and Speedwell and Bonanza to-night.

The river continues falling from Pittsburgh down. It was snowing along the entire river and in the mountain regions Thursday.

THE LEGISLATURE.

Forty Bills and Resolutions Were Passed.

McChord Anti-Extortion Bill, Pure Food Bill and Act Taxing Stock of National Banks Among Most Important.

Although the late General Assembly was greatly retarded in its work by the contests over the Governorship and the troubles resulting therefrom, yet over forty bills and resolutions were passed by both houses and either have been approved by Gov. Beckham or else are on his desk for consideration.

The McChord railroad bill, the pure food bill, the bill taxing national bank stock and the Goebel reward bill were among the important measures that got through, the others being more local in their character.

Following is a list of the most important bills and resolutions:

Applying to railroad fences the law that now applies to farm fences.

The Frazier pure food bill, requiring the labeling of all articles of food that are not pure.

Authorizing the condemnation of lands for the use of oil and gas pipe uses.

Providing for the construction of bridges across navigable streams on warrants from the Secretary of War.

Appropriating \$100,000 to equip the State militia for Gov. Beckham's use, if necessary.

Appropriating \$2,900 to pay the expenses of the contests for Governor and Lieutenant Governor.

Increasing from \$2,000 to \$5,000 the annual appropriation for the State Board of Health.

The McChord railroad anti-extortion bill.

The Goebel reward bill, appropriating \$100,000 for the detection and conviction of the murderers of Gov. Goebel.

Act appropriating an aggregate of \$3,000 for expenses in membership contests in Senate and House.

Repealing the charters of the Bank of Kentucky, the Farmers' Bank of Kentucky and the Deposit Bank of Frankfort, unless on or before May 1 said banks consent to waive their charter right to pay taxes under the Hewitt law and agree to place themselves on the same footing as all other banks in the State so far as taxation is concerned.

To prevent the free transportation of persons for the purpose of intimidating any officers in this Commonwealth.

Providing for the taxation of national bank stocks for State, county and city purposes, the Federal Supreme Court having decided that the franchise of national banks could not be taxed for such purposes.

Appropriating \$25,000 to be used in needed improvements at the Frankfort penitentiary.

Empowering County Courts to authorize the drainage of lands where the same shall be conducive to the public health or convenience.

Placing in the hands of the State Prison Commissioners the power of paroling convicts. The power is now vested in the State Sinking Fund Commissioners.

Appropriating \$250 for the preachers who opened the sessions of the General Assembly with prayer.

Placing nonresident taxpayers on the same footing as resident taxpayers, so far as the listing of their property is concerned. It releases them from the obligation to file a descriptive list of their property each year.

Appropriating \$60,000 for additional dormitories and a gymnasium at the A. and M. State College, in Lexington.

Appropriating \$20,000 out of certain local funds to establish a free public library in the city of Covington.

Making it unlawful for any corporation to contribute to the campaign fund of any political party, and to prevent intimidation.

Providing for the taxation of the shares of stock in all incorporated banks, trust companies and other incorporated companies in cities of the third class, as well as those of the first and second class.

Asking Congress to establish a uniform system of bankruptcy.

To make uniform the laws concerning the branding and drifting of trees and logs.

REPUBLICAN GOVERNOR TAYLOR's brother Alonzo, who died suddenly last week, was one of the richest men in his section. His estate will probably net \$125,000. He left a large family.

Bismark's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents at J. J. Wood & Son's, druggists.

MR. PETER EDGINGTON has been quite ill this week at his home in the East End.

Mrs. HANNAH PHIPPS died at Dover in the ninety-first year of her age. She was a native of Fayette County.

VANCEBURG Sun: "Henry Gollenstein, of Maysville, has accepted a position as blacksmith with Thos. Tannian."

J. A. HAIN, aged fifty-two, and Miss Jessie Mower, aged fifteen, of Adams County, were married at Vanceburg.

ELDER W. S. WILLIS has engaged the noted evangelist, J. V. Updike, to assist in a series of meetings at Flemingsburg next fall.

M. E. BRADFORD has leased the St. Charles Hotel at Vanceburg to James George, Jr., of Carlisle, and will move to Manchester.

THE Lexington Leader says a large and enthusiastic audience witnessed the rendition of "The Heart of Maryland" there Wednesday night.

THE Topeka Daily Capital that is being edited this week by Rev. Mr. Sheldon, author of "In His Steps," is on file in the reading room of the Y. M. C. A.

THE family of William McElfresh, who moved from Dover several years ago, has returned from Woodford County and will occupy the residence of Mrs. Terhune at Dover.

THE funeral of Mrs. J. H. Rains takes place this afternoon at 2 o'clock at the First Presbyterian Church. Services by Dr. John Barbour. Interment in the Maysville Cemetery.

THE farm of Mrs. Lena Perraut, lately deceased, was sold this week by her heirs to Earnest Dietrich. There are about seventy acres in the tract and the price paid was \$5,000. It is near Dover.

IT was authoritatively announced Thursday that the offices of Assistant General Freight Agent and the Freight Claim Department of the C. and O. will be moved April 1st from Cincinnati to Richmond, Va.

THURSDAY was the closing day of ground-hog winter, and it was marked by one of the heaviest snows of the season. Most of it melted as it fell. In some places, however, it was two and a half inches deep this morning.

DAY & PRATHER have been awarded the contract for the brick work of the new Glascock building at corner of Second and Sutton streets. The Collins & Rudy Lumber Company gets the contract for the lumber.

THE postoffice and general store at Clintonville, Bourbon County, was burglarized Wednesday night and \$250 in money and \$50 in stamps secured by thieves. A lot of private papers belonging to W. F. Heathman were also stolen from the store.

SOME of the Maysville soldiers at Frankfort now write that they don't know when they will return home. They expected to come this week, but Taylor will likely keep them on duty until after the Supreme Court acts on the gubernatorial contest, if the case ever reaches that court.

WINCHESTER Sun: "Clay Clinkenbeard, who has been quite ill at the home of his uncle, Dr. J. T. Clinkenbeard, for some time, is much improved. Monday he left for his home at Columbus, O., accompanied part of the way by his uncle, who went on to Ashland, where he will engage in the practice of magnetic healing."

MISS CORINNA ANDERSON, eldest daughter of Mr. and Mrs. Thomas P. Anderson, formerly of Dover, but now of Erlanger, Ky., was married a week ago to Mr. Benjamin Gasner, of Georgetown, Ky., who is engaged in the railroad business at Erlanger. Elder W. W. Hall, of this county, an uncle of the bride, officiated.

CONSTABLE MITCHELL went to Fleming County and arrested Yancey Willis, colored, on a charge of attempting to criminally assault Jane Taylor, also colored. Willis was jailed and will have a hearing to-morrow before Squire Ryan. The crime was committed some weeks ago near Slipp. Willis fled and eluded the officers until Thursday.

"THE Heart of Maryland" has achieved exceptional popularity and proved one of the greatest successes in the principal American cities. Last spring and summer it was played to fashionable and enthusiastic audiences at the Adelphi theater in London for nearly three months. Its performances were witnessed nightly by the nobility and commoners alike with appreciative and intense interest rarely bestowed in that city upon an American play. The company includes many of the most notable and leading players. The scenic settings of the "belly scene" are the same that beautified its performances throughout its representation elsewhere. At opera house to-night.

THE BEE HIVE

Dress Goods For Spring!

You will find in our store a most interesting display of the latest creations in rich and elegant Dress Goods. It is of course impossible to describe all the fabrics in detail, but we here mention a few that are especially interesting.

THE NEW SPRING WEIGHT CLOTHS ARE NOW IN.

These may be designed in the ever-appropriate tailor-made gown, or elaborately trimmed, according to the individual taste. We have them from 50c. to \$1.25 per yard. Another popular fabric for the stylish gown is the new striped suiting, which we show in narrow stripes of a shade darker or lighter than the ground color. They are in the exquisite French grays and the new bright blues. Price \$1 per yard. We also have an extensive line of new Plaids, camel's hair effects, 50c. and upwards.

Fashion has set her seal of favor on the Crepon. Nothing more suitable for the full gown. They come in the original blister and smooth effect—\$1 to \$3 per yard.

For the golf skirt, we are showing a beautiful assortment of double faced suitings in navy blue and the various grays with pretty plaid back. Newest styles, Spring weight, fifty inches wide, 98c., \$1.98.

Bowling Notes.

Messrs. John C. Kackley, J. Barbour Russell, George H. Frank and Postmaster Mathews composed a team of Maysville bowlers that went down to Augusta Wednesday night and were defeated four out of five games. Mr. Frank was pitted against Augusta's crack bowler, Wm. Teel, and beat him three out of five. Mr. Kackley won four out of five games from his opponent. The Augusta team will be here next Thursday for a return game. Messrs. Roper, Watkins, Harney, Russell and Archdeacon went to Cynthiana last evening and bowled two of the best teams at that place, winning four out of six games.

Took a Redhot Stove.

John Henry Kincaid was taxed \$11.65 in the Police Court Thursday for disorderly conduct. He went to the home of his niece and carried off a stove. He acknowledged on the stand that it was redhot.

McILVAIN & HUMPHREYS, PARKER BUILDING, SUTTON STREET, MAYSVILLE, KY

CHARLES W. JOHNSON and Miss Agnes Clift, of Murphysville, were married Thursday at Central Hotel, Judge Newell officiating.

In consideration of \$1,200 cash, W. B. Mathews has conveyed to the Maysville and Big Sandy Railroad Company four lots on the north side of Third street, Fifth ward.

In consideration of \$1,000 cash, O. H. P. Thomas has sold to John H. Fitzgerald a house and lot in the West End, lying between the residences of Mrs. Geisel and Robert Lane.

Col. Berry has telegraphed Commodore Laidley, of the White Collar Line, asking him to send two of his best pilots to Washington to appear before the River and Harbor Committee to argue in favor of the proposed dam at Cullum's Ripple, six miles below Cincinnati.

CHARLES H. COSTER, a member of the firm of J. Pierpont Morgan & Co., of New York, died suddenly Tuesday. Mr. Coster was widely known in financial and railroad circles, and was a director of forty-six prominent railways and other large corporations, among them being the Chesapeake and Ohio.

Some one threw a rock through the window of an L. and N. coach as the incoming train was near Nepton Wednesday evening, the fragments of glass striking and wounding Mr. M. E. Wood, of this city, on the hand. At first it was thought the window was broken by a shot. Mr. Wood had his hand near his face at the time, and this probably prevented a more serious injury.

"Pot" REIMAN, of Covington, a well-known base ball player, recently met with an accident which will probably interfere with his playing this season. While engaged in repairing a porch at his home he fell from the roof to the ground, a distance of fourteen feet, sustaining a broken arm. The broken member is the right, and as this is "Pot's" throwing wing he will be seriously handicapped for some time. Reiman is well known in this city as he on many occasions played with local teams. He is a brother of Pitcher Reiman, who was a member of Maysville's famous team.

Story of a Slave.

To be bound hand and foot by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a god-send to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by J. Jas. Wood & Son, druggists.

OFFICE OF COMPTROLLER OF THE CURRENCY.

WASHINGTON, D. C. March 3, 1900. Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "THE FIRST NATIONAL BANK OF MAYSVILLE," in the city of Maysville, in the County of Mason, and State of Kentucky, is authorized in its amended articles of association, namely until the close of business on March 1, 1920.

Now therefore I, Thomas P. Kane, Deputy and Acting Comptroller of the Currency, do hereby certify that "THE FIRST NATIONAL BANK OF MAYSVILLE," in the city of Maysville, in the County of Mason, and State of Kentucky, is authorized to have succession for the period specified in its amended articles of association, namely until the close of business on March 1, 1920.

In testimony whereof, I witness my hand and seal of office this third day of March, 1900. T. P. KANE, Deputy and Acting Comptroller of the Currency.

MAYSLEICK.

Born, to the wife of Eddie Pogue, a son. Attorney Maher, of Flemingsburg, spent Sunday here.

Some plowing has been done and farmers are busy preparing their spring work.

A good many hucksters are out with their wares, selling merchandise and trading for country produce.

Aunt Julia Bruin, colored, eighty-four years old, who died at Wheeling W. Va., was buried at Mayslick Tuesday.

Several more cases of smallpox are reported here among the colored folks. The cases have been isolated and guards put on to prevent disease from spreading.

The funeral of the wife of Mr. Garnett, of Hillsborough, took place here Sunday. The remains were interred beside her first husband, M. B. Hopper, in Mayslick Cemetery.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are exactly akin to the churning of butter. Is it not apparent then that if this stomach churn is "sour" it sours all which is put into it? The evil of a bad stomach is not the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of the blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting and corrupting element. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant and no narcotic.

A Pronounced Triumph is "The Heart of Maryland."

THE GREAT BELFRY SCENE "THE HEART OF MARYLAND."

The most pronounced triumph of David Belasco's literary and dramatic career was the production of his play, "The Heart of Maryland," in New York, and which, brought forward early in September three years ago, held the stage throughout the season as the most popular attraction of the decade. Since then it has been presented with the same result in all the leading cities of the East, and recently closed a successful run of 100 nights at the Adelphi Theatre, London.

With a company of specially selected players, "The Heart of Maryland" will have place for the first time at the Washington Opera House this evening, March 16th. Seats now on sale at Nelson's.

Horses Wanted.

PNEUMONIA CURE.

New England Physician Never Lost a Patient When He Used It—A Simple Remedy.

[New York Sun]

In view of the prevalence of pneumonia to such an alarming extent, and the many deaths resulting therefrom I send you the following for publication:

Take six to ten onions, according to size, and chop fine, put in a large spider over a hot fire; then add about the same quantity of rye meal, and vinegar enough to make a thick paste.

In the meanwhile stir it thoroughly, letting it simmer five or ten minutes. Then put it in a cotton bag large enough to cover the lungs, and apply it to the chest as hot as the patient can bear. When it gets cool apply another, and thus continue by reheating the poultices. In a few hours the patient will be out of danger.

This simple remedy has never failed in this too often fatal malady.

Usually three or four applications will be sufficient, but continue always until perspiration starts freely from the chest.

This simple remedy was formulated many years ago by one of the best physicians New England has ever known, who never lost a patient by this disease, and won his renown by saving patients by simple remedies after the best medical talent had pronounced their case hopeless.

Personally we know of three persons who were saved by the remedy last winter in Boston, after their physicians had given them up to die, and if a record was made of all similar cases during the last six years it would fill a good-sized volume.

A PROSPEROUS YEAR.

A Big Showing For the Railroads of This Country, Mexico and Canada.

The year 1899 was a remarkably prosperous one for the railroads.

The Financial Chronicle's completion of gross earnings of 172 roads operating 146,261 miles shows an increase of over \$122,000,000, or 10.55 per cent.

The increase in gross earnings of all the roads in the United States, Canada and Mexico for the year 1897 was \$55,221,018, and for the year 1898 the increase was \$67,587,893.

Not less than thirty-five roads last year showed an increase in gross earnings of over \$1,000,000. The Pennsylvania system, that is the lines both east and west of Pittsburgh, heads the list with an increase of \$13,016,000. The Philadelphia and Reading comes next, with \$8,786,065, then the Southern Pacific with \$6,438,887.

The St. Paul and Chicago and Northwestern show respectively increases of \$4,476,901 and \$4,309,781.

Of the roads covering Southern territory, the Louisville and Nashville comes first with an increase of \$3,192,469, followed by the Southern Railway with \$2,772,882, and Illinois Central with \$2,465,625. The Burlington showed an increase of \$2,424,964.

THE PURE FOOD LAW.

It Requires All Adulterated Articles to Be Properly Labeled—Penalties Provided.

The recent Legislature enacted a new pure food law.

The new law is very similar to the law passed in June, 1898, save that it requires all articles of food that are adulterated in any manner to be labeled to show the quality and extent of the adulteration. All baking powders are required to contain on the can a formula of the composition of the powder. The law specifies that all food products that are not absolutely pure shall be carefully marked.

Oleomargarine and butterine can be manufactured and sold, but only when containing the mark of the adulteration. If they are sold as butter by any disguise the law provides a penalty. The penalty for any violation of the law is a fine of \$100 or imprisonment for fifty days, or both. The operation of the law is similar to the old one, in that it provides for an investigation by the experiment station at Lexington, at the rate of \$5 per investigation.

E. T. REES has sold 46½ acres of land on Clark's Run to Wyatt Owens for \$2,900.

Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Medical Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c. and \$1. Every bottle guaranteed. Trial bottles free at J. Jas Wood & Son's drug store.

JAMES HORN has sold a lot in Washington to William and Lydia Rudd for \$220.

SOME Points of Superiority I. X. L.

Patent Galvanized Steel Chain Pump Curb & Galvanized Steel Tubing.

Chain pumps have always been in favor on account of the many advantages they have over others, and the objection to the wood curb and tubing is overcome in the I. X. L., making it the best and most beautiful pump on the market.

This tubing does not make the water taste as wood tubing does, and it will not rust, being made of best galvanized steel. It will not rot or accumulate filth, and leaves the water clear and pure.
